

Executive Leadership Program: Building Regulatory Leaders

www.clearhq.org/elpr

What is the Executive Leadership Program for Regulators?

The Council on Licensure Enforcement and Regulation's Executive Leadership Program is the premier source of leadership training for regulators worldwide. The program is a comprehensive, three-day workshop where attendees participate in role-playing activities, scenarios, group-work and discussions on relevant topics. The program consists of the following four modules:

- Creating a Positive Public Relations Program
- Creating an Appropriate Relationship with Stakeholders and Mastering the Art of Negotiation
- Regulatory Leadership
- Organizational Culture and Change

Course materials include valuable worksheets and checklists that can apply to everyday issues in regulatory agencies and organizations. Make sure you have the practical tools and insight needed to be an effective leader for your regulatory organization!

Who should attend?

The course content is directly relevant to those in a regulatory leadership position at any level of experience.

What is the cost?

The registration fee for the three-day Executive Leadership Program for Regulators is US\$585 per attendee. CLEAR members are eligible for the discounted rate of US\$465 per attendee. This includes the cost of all training materials, coffee breaks and lunch during one day of the program. Those who attend the annual program and are also registered for the Annual Educational Conference will receive a discounted program registration rate of US\$505 or \$385 for members.

Here's what attendees have to say about the program:

"Excellent course overall—useful, realistic, practical, meaningful. I'll be a better leader and contributor within my organization."

"The best training I have ever attended. Kudos!"

"The program was very beneficial for me. It reinforced what I have learned through experience as a regulator. Helped me to learn from the experiences of others. Gave me tools for solving problems. The atmosphere was very conducive to learning—enjoyed the interaction. Great job by all instructors. I very much appreciate your efforts."
